

The Logical Choice

2000N / 1000N Series

PURLOGIX

The Logical Choice with Bio-Protection

Providing you a package of sustainability and convenience, the Purlogix™ 2000N/1000N Series stands out as the logical choice for your workplace.

2000N/1000N Series Features

- Available in black or white
- Ultraviolet bio-film control in-tank
- Electronic dispense with safety HOT feature
- Large dispense area
- High capacity stainless hot and cold tanks
- LED indicator panel
- Drip tray with removal screen & knock-out for drain
- Heavy gauge, powder-coated steel side panels
- Microprocessor control
- Adjustable cold control [38° to 46°]
- Sleek appliance aesthetics
- Leak detection with water shut-off & audible alert (optional)

Multi-Stage Filtration

The Purlogix 2000N/1000N Series multi-stage purification process removes contaminants and delivers hot or cold water through a sanitary electronic dispense port. Flexible filtration or reverse osmosis options ensure that there is a Purlogix 2000N/1000N model to suit any requirement and meet any need.
